## Keel Boat Member Information:

1. There can be up to 5 boats with docks on the creek, as may be decided by the Harbour Master
2. The location for each boat will be decided by the Harbour Master, based on a number of considerations, including (but not limited to):
  - a. Returning member
  - b. Keel depth – the furthest out docking spot is very shallow
  - c. Boat's and skipper's handling capability
  - d. Other relevant factors as decided by the Harbour Master to optimize the benefits for all the spots/boats
3. A Waiting List will be maintained by the Secretary Treasurer, showing the order of application for a dock spot on the creek and the date when they went on the list. To be eligible to be entered on the Waiting List a person must already be a member, and must already own the keel boat they wish to dock on the creek. Potential members and potential buyers of a boat are not eligible to go on the list.
4. Safety and Environmental Issues: Keel Boat members must agree:
  - a. to maintain their docks/walkways in a safe condition
  - b. lines to shore will be sufficient, and shore attachments will be sufficiently sturdy, to secure the boat in severe weather and other stressful conditions
  - c. to comply with all environmental and water related regulations ensuring no prohibited material gets in the creek or lake water
  - d. to examine the electricity lines above the creek and against the road (Hwy 301), and accept any liability for damages that they may cause to themselves or their boat if they should contact those electrical lines.
  - e. to examine the rocks on the sides of the creek near the road, the boat traffic, the marina docks and other hazards and confirm they accept all liability for any of these risks
5. Docks on the creek must be moveable.
6. Liability Insurance: Keel boat members must have adequate liability insurance or be self- insured in the event they or their boat causes injury/damage resulting in a liability claim

**PRIVACY STATEMENT:** Your name and address including email address will be used to correspond with you regarding your membership, and to send you information about the Falcon Yacht Club. The Falcon Yacht Club may contact you to conduct market research and surveys in an effort to continually improve the club. The above information will also be sent to Sail Manitoba and the Canadian Yachting Association for their records and distribution of material. You may withdraw your consent to any further collection, use or disclosure of information about you at any time by giving reasonable notice.
